

*Welcome to the
2020 San Diego Rose Society
Virtual Rose Show*

Our society has facilitated an annual rose show for many years. But due to the unexpected COVID-19 outbreak we had to cancel many of our planned activities, the rose show being one of those. Not to be defeated though, we have developed a creative partial solution: a 'virtual' rose show where members could submit photos of their best roses. Posted here are those photos. So many thanks go to the members who participated in this endeavor to share our love of roses, in spite of adverse conditions. Enjoy the show!

From the Garden of Deborah Magnuson
